

2009 Laser Master Worlds

St. Margaret's Bay, Nova Scotia

The 2009 Laser Master Worlds finished after a 6-day series with a host of conditions that tested all both physically and mentally. The largest class to race was the Standard Master fleet with a total of 85 competitors. The Standard Master class was also the most competitive fleet with quite an impressive list of entries including, two former Olympians in the Finn Class, Terry Neilson (CAN) and John Bertrand (USA) as well as former Standard Laser World champion, Andy Roy (CAN) and the past two Laser Standard Master Champions, Jan Scholten (AUS) and Arnoud Hummel (NED). Below is the scoreboard showing the top 10 finishers.
